

# Red Bus Coach Service

## Bus Safety

### The Entrance Red Bus Services, School Bus Safety Programme

The programme is aimed at teaching younger students safe behaviour while on the bus.

It also teaches them the safe way to wait at the bus stop and to wait for the bus to leave and look both ways before crossing the road. This programme has been run by Stephen (Gumnuts) O'Brien for many years who has taken it to most primary schools on the Central Coast.

If his and our efforts have saved one young child's life, it has been worthwhile.
